

HOW WE CELEBRATED THE DAY OF BIODIVERSITY

We- I.H class of Hotel Academy- are learning the subject Sustainable Life and taking part in different activities

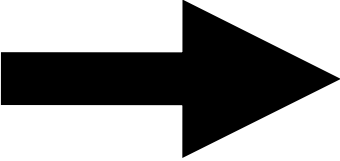

The United Nations has proclaimed May 22 The International Day for Biological Diversity (IDB) to increase understanding and awareness of biodiversity issues.

Biodiversity Day 2021 slogan is: “We’re part of the solution”. The slogan was chosen to be a continuation of the slogan of last year “Our solutions are in nature”, which means that biodiversity remains the answer to several sustainable development challenges. From nature-based solutions to climate, health issues, food and water security, and sustainable livelihoods, biodiversity is the foundation upon which we can build back better.

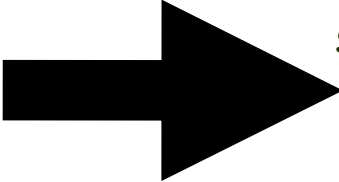

WE ARE PART OF THE SOLUTION

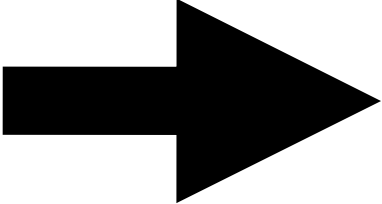

What did we do?

We went to our Municipal Public Garden in Rimavská Sobota. There we met Ing. Veronika Rízová (from the Centre of Natural Protection) and her colleague who showed us how many different species of birds we can discover on such a small area and that there are some really special species of trees.

Learned about biodiversity by bird watching, learn how to distinguish the crows and ravens, interesting facts about bird migration.

Took photoes of what we saw and prepared them for other students.

Our Public Garden in Rimavská Sobota

**Nature, a place for relax and rest
But also home for birds and other
animals**

Birds: GREY HEYRON (*Ardea Cinerea*)

Fieldfare (Turdus Pilaris)

BLACK SWAN (Cygnus Atratus)

We learned about trees:

**Horse Chestnut
(Aesculus
Hippocastanum)**

Gingko Biloba-tree

**We had an interesting afternoon,
learned a lot about animals and plants
around us.**

**And til now we start walking with open
eyes, because the more we know the
more we can protect.**

**We can be the part of solution
Thank you for your attention**

Bye!
